MARCH 29, 2018

PIKES PEAK COMMUNITY COLLEGE (PPCC) – CENTENNIAL CAMPUS

5th Annual Cyber Focus Day Set to Take Place...

Join the Information Systems Security Association (ISSA) - Colorado Springs Chapter for the 5th Annual Cyber Focus Day (CFD) www.fbcinc.com/cfd - Focus on Training set to take on Thursday, March 29, 2018 at Pikes Peak Community College (PPCC) - Centennial Campus Theater – Aspen Building – Floor One. CFD will run from 8:30 a.m. until 5:00 p.m.

Register to attend at www.fbcinc.com/cfd (All those with a .mil, .gov, or .edu e-mail may register at no cost). * 6 CPEs or CEUs are available for attending.

Cyber Focus Day Keynote Speakers

Mr. Vance Brown, CEO, National Cyber Center (NCC): Vance Brown is serving as Interim CEO of the National Cybersecurity Center. He also is Executive Chairman and Co-founder of Cherwell Software. Previously, Vance was CEO of Cherwell from its inception until 2016. In 2014 Cherwell was recognized as one of the 101 fastest growing companies in North America by Deloitte's Fast 500 (tied with LinkedIn with 1172% growth). In 2015 Cherwell was recognized as the top software company in all of Colorado. For Mr. Brown's full bio visit the CFD website.

Arthur B. Cooper Jr., “Coop” is a Senior Security Consultant for NuArx Inc.

Coop has 40 years of experience in Information Technology with the last fifteen years focusing on payment systems and architectures, eCommerce, payment application assessments, forensic investigations, compliance security assessments, development of secure network architectures, risk management programs, security governance initiatives, and regulatory compliance. For more information on Coop visit the Cyber Focus Day website.

New Speaker & Topic Added:

Michael Riggs, Director, Avian Evangelism/Perch Security “How to Defend and Participate Using Community Cyber Intelligence”. Defending your assets is hard enough by yourself, discover the value in leveraging threat intelligence communities to add depth to your information security bench.

Training Topics & Companies: One Hour Sessions:

- “Safely Navigating the Internet and Deep Web” - Murray Security Services
- “Education in Cybersecurity & Applying Classical Strategies to Cyber Space” – SecureSet
- “Open Source Collection for Network Defense” – LeaderQuest

Exhibit Opportunities are Still Available:

CFD attracts over 200 government, military, academia, and industry attendees from the Colorado Spring area annually. All companies with cyber capabilities are invited to take advantage of this opportunity. To learn more about showcasing your products and services e-mail Dennis O'Neill at dennis@fbcinc.com.
