YOUR SOURCE FOR SUCCESSFUL FEDERAL EVENTS
CONNECTING FEDERAL PERSONNEL WITH THE PRIVATE SECTOR SINCE 1976
ENGAGEMENT WITH BUSINESSES OF EVERY SIZE

Whatever your agency’s mission and demands, an event is the ultimate engagement channel, but producing an event yourself is time-consuming and locating the right participants is challenging.

FBC HAS YOUR SOLUTION: A successful event that both engages your organization and strengthens interaction between the government and the private sector. FBC has coordinated 5,000+ mission-oriented conferences and expos spanning more than 40 years. From one-day tabletop expositions, to focused events with speakers and exhibitors, to full-scale conferences – we’ve done it all! When you work with us, you benefit from our vast experience and industry relationships: LET FBC PLAN YOUR NEXT EVENT.

We can create the federal/industry dialogue your agency requires.
INDUSTRY OUTREACH & DIALOGUE

Creating dialogue opportunities between private industry, suppliers, thought leaders and federal personnel, program managers, leadership and end users is essential for efficient government contracting. FBC accomplishes this via conferences, seminars and other events geared toward federal priorities.

FBC works together with your agency to create highly effective industry days, symposia, on-site expositions and meetings of all kinds. We partner with companies of all sizes from all over the nation to deliver today’s best innovations and solutions available to accomplish the mission!

We coordinate all aspects of the meeting – working with you and other necessary agency representatives to understand objectives and determine the most appropriate methods to achieve your goals.

DO MORE WITH LESS

An FBC event frees you up to focus your time and budget on primary objectives. These events also assist industry by providing the optimal face-to-face environment for information exchange that’s time-tested and government-friendly. Plus, it’s easy on you and agency staff.

YOUR RESULT? Agency personnel gain knowledge about today’s cutting-edge enterprises and ideas. Hands-on demonstrations, presentations, workshops and stellar keynote speakers inform with minimal investment of time or loss of productivity.

From start to finish, FBC manages your meeting (classified or unclassified) through our GSA Schedule contract, an inexpensive contracting vehicle, or no-cost MOU. Alternatively, you can also select specific tasks for us to oversee through any of our options to complement your event.

Our responsibilities often include:
- Researching & coordinating potential exhibitors
- Pre-show promotions such as flyers, posters, table tents, email, social media and more!
- Setting up the exhibit area
- Coordination and payment for catering
- Organization of security lists and procedures for visitors
- Outreach to our extensive database of industry contractors, academia and federal agency partners

DID YOU KNOW?
Most email and registration tools violate government security policies for PII, PFI and Controlled Unclassified Information (CUI). FBC offers FISMA-compliant secure registration, appropriate for all agencies.

Our event planning and marketing can include:
- Project management
- Site selection
- Identifying and coordinating audiovisual needs
- Designing and printing brochures, programs, posters, name badges, binders, signage, etc.
- Advertising conference via email, websites, social media and other media vehicles
- Secure registration services including custom websites, database maintenance and on-site registration management
- Coordination of social activities including luncheons, banquets and receptions
- And more!

FBC has modified its schedule contract through GSA to offer both fee-for-service and No-Cost Contracting with Federal Agencies.

FBC provides the necessary facilities, equipment, and personnel to provide services for Government Events.
Background

FBC provides a convening and outreach function to the government via events, conferences, exhibitions, and online presence, and provides the optimum conference management environment for the government customer. Since 1976, FBC has produced more than 5,000 meetings and conferences for the Federal Government.

National Outreach for Government Agencies

FBC supports Federal Agency Outreach programs by creating dialogue opportunities – connecting government agencies with the organizations capable of supporting their mission. Industry Days, On-Site Expositions, Information Events, Websites and Email are examples of current outreach programs in place with government.

Full Life-Cycle Event Management

FBC provides full life-cycle event management support services for its government clients. Our methodology provides a mechanism for establishing, maintaining, and growing mission-oriented events over time. Our government-oriented management system ensures the proper guidance; personnel and back-end systems are in place to ease the management of high-volume event production tasks. This translates into uninterrupted end-to-end support to deliver event management objectives.

Secure Registration Services

FBC’s FISMA-compliant registration systems and processes meet mandated information security requirements for handling government personnel registration for events. FBC systems are audited by NIST for compliance and FBC possesses a NIST “Authorization to Operate” appropriate for the level of data we handle. FBC provides registration services for intelligence community events and other customers’ secure environments.

Mission-Driven Results

Each event has its own objectives.

FBC works directly with the government to structure the most meaningful content based upon the theme or topic, based upon an individualized plan to reach and exceed objectives. This customized approach allows the event to focus on each customer’s unique mission, delivering the highest level of success per event.
The Federal Business Council (FBC) is a professional organization located in Columbia, MD. For more than 40 years, we have been providing event support services and exposition management in support of federal agency missions. We are a small business comprised of 25 full-time employees that specialize in conference support, event management, exhibition sales, customer support, web development/IT, and financial and administrative services.

At FBC, we:

- Hold a Top Secret Facility Clearance and have personnel with the appropriate clearances in place for our event management support services.
- Have an approved General Services Administration (GSA) schedule and a DoD blanket purchase agreement for event management services.
- Use comprehensive financial plans to encourage government attendance that are in line with government cost-saving measures.
- Provide all event marketing services and integrate these tasks with the appropriate personnel. We:
  - Facilitate events as large as 2,000+ attendees and 100+ exhibitor booths.
  - Have a team of experienced personnel who recruit exhibitors matching the event/agency’s topics of interest from a collected database of 10,000+ industry contacts.
  - Have been designing and hosting websites for 20+ years. These websites promote attendee registration through secure, interactive and informative platforms.
  - Include certified government meeting planners (CGMP) on our staff. They actively engage with attendees, exhibitors, speakers and sponsors to carry out a seamless agenda.
  - Use advanced internal printing capabilities that produce professional full-color programs, posters, brochures and other materials.
  - Eliminate the need to use outside contractors by professionally printing in house at the highest quality. This also ensures the most up-to-date programs and materials in the days before an event.
  - Work with small and large venues all over the US and have ongoing business relationships that allow for the most cost-effective and comprehensive options.
  - Provide the resources and knowledge to manage the audio visual tasks at an event.

One plan that FBC has allows government attendees to participate at no cost. Commercial attendees and exhibitors pay standard industry fees to participate. This cost model has been approved for use by both the GSA and the Government Accountability Office (GAO) to ensure efficient and cost effective conferences. FBC assumes all financial obligations for the event under this no-cost model and there will be no financial liability to the government.
Full-Service Event Management Support

- Conferences
- Exhibitions (IT, IA, Cybersecurity, Cloud Commuting, Small Business And More!)
- Meetings, Symposia, Convention, Conference, Virtual Event Support

- Convey Image
- Ensure Participant Experience is Excellent
- Create Meaningful Dialogue
- Deliver the Event Vision
FBC’s Approach to Virtual Event Support

In addition to in-person events, FBC produces virtual and hybrid events to foster meaningful engagement. FBC’s approach creates a virtual atmosphere very similar to an ‘in-person’ event. This new and exciting way of doing business serves as a viable alternative to face-to-face events while delivering content to a distributed audience in a familiar format with:

- Audience Interaction
- Live Streamed Webcasting
- Networking
- Virtual Trade Show
- Social Networking
- Archived Content for Later Viewing

FBC manages the processes related to the virtual event in three separate, but interlaced components including a management component, a secure attendee registration component and the virtual environment component. A virtual event can be created very quickly; The timing is often dependent on the speed of agenda development and speaker and attendee responsiveness. FBC’s virtual event approach can accommodate up to many concurrent users and virtual exhibit booths for events lasting up to 30 days in duration.
AFCEA Belvoir Industry Days 2020  
Formerly PEO EIS Industry Days
